"LIGHT THE AVENUE"

By now you should have all received a letter from the city (Corridor Improvement Authority), inviting all Harper Businesses to participate in a decoration contest for Christmas.

This is not only to encourage more shoppers on Harper but also to show a united front ... with the merchants ...

To help you in your decorating needs SOULLIERE'S on Little Mack near Stephens is offering a great deal on LED Lights

They will have a supply of LED lights for the businesses to purchase at a reduced rate of under \$20.00 for a string of 70 ...

These lights are 90% energy saving
Extendable for up to 20 strings, they are commercial grade and guaranteed for 3 yrs
10 times longer life than regular miniature lights
Rugged ... lighted length is 23'
Cool to touch and environmentally safe

We would like all trees done in white lights and trunks can be that of your choice!!!
Other decorations may also be used to complete or theme or decorating ideas

The white lights on the trees can be left up ALL YEAR... in fact we encourage it!!!!

Collier's will also supply the regular miniature lights if you prefer
Gilbert's Hardware (586-776-9532) will be able to help you with discounted extension cords, and a list of companies that will install lights for you.

NOT MUCH TIME BUT A FEW NICE DAYS TO GET READY SO LET'S SEE HARPER LIT UP

THE FIRST WEEK OF December the judging will take place; refer to your letter for prize and recognition info

We also want to do a group add for the Holidays ... email me if you are interested
